

Policies/Notifications  
Effective Date: June 5, 2020  
Number: 0075

*Subject: FLIR TG165  
Discontinuance*

Dear valued FLIR partner:

Please be advised that the TG165 thermal imager has been officially discontinued. There will be a replacement for the TG165 introduced in less than 2 months. In the interim, either the FLIR TG267 or Extech IRC130 thermal imagers are suitable replacement products. Any existing backlog for the TG165 will be fulfilled ASAP.

Please indicate that the TG165 is discontinued on any web presence that your organization utilizes for advertising, including any 3rd party listings. MAP governance will no longer be enforced for the TG165 where MAP policies exist.

We apologize for any inconvenience and thank you for your continued business.

Sincerely yours,

*Don Turano*
