

HDMI Male to VGA Female Adapter - 1920x1200 @ 60 Hz, 1080p

MODEL NUMBER: P131-000

HDMI to VGA adapter connects a computer, laptop, MacBook or Chromebook with an HDMI output to a VGA display.

Features

HDMI to VGA Adapter Connects Your Laptop or Tablet to a VGA-Enabled Display This slim-profile HDMI to VGA adapter instantly connects your computer, laptop, notebook, MacBook, Ultrabook, Chromebook or other device with an HDMI port to a VGA monitor or projector. It's a simple and inexpensive solution for converting the video signal from an HDMI port for your existing VGA display, rather than spending time, effort and money upgrading to a new monitor.

Supports High-Definition 1080p for Video Presentations This HDMI male to VGA female adapter is ideal for giving video presentations in conference rooms and classrooms or playing video for digital signage in crystal-clear 1080p. The slim-profile adapter supports video resolutions up to 1920 x 1200, including 1080, at 60 Hz.

Plug-and-Play Operation Lets You Begin Watching Video Almost Immediately No software, drivers or external power is required. The compact one-piece molded unit is easy to carry in a pocket, purse, backpack or laptop bag for instant 1080p video where needed.

Highlights

- Molded 1-piece HDMI to VGA adapter ideal for digital signage and video presentations
- Supports hi-def resolutions up to 1920 x 1200 (1080p) for crystal-clear video
- Plug-and-play operation allows you to set it up and begin using it immediately
- Small enough to carry in a pocket or laptop bag for instant 1080p video anywhere

Applications

- Connect a laptop or notebook computer to a VGA projector in an auditorium or lecture hall for a video presentation
- Stream digital signage messages from a computer to a VGA display in an office or conference room
- Display photos or videos from a digital camera on a VGA monitor

System Requirements

- Source device with HDMI connector
- Display device with VGA HD15 connector

Package Includes

- P131-000 HDMI Male to VGA Female Adapter
