

**Information Letter Number:** 222801**Date:** 15.07.2022**Title:** New Packaging for EK-F5x and removed USB stick with the software**Product Identification:**  
**EK-F5x (1-101006-01)****Reason for Change:** Design Production Logistics Manufacturing Location Quality/Reliability Upgrade**Change Description:**

Sensirion changes the packaging of the evaluation kit EK-F5x. The evaluation kits will be in the future packaged in a smaller box with less packing material, to reduce waste and streamline logistics. Additionally, a USB stick with Control Center Software will no longer be provided. Instead, the users find a flyer with a link to download the latest version of the software.

The dimensions of the old box: 316.5 x 235 x 81mm

The dimensions of the new box: 236.5 x 169 x 61 mm

No change to the functionality of the product.

**Identification Method to Distinguish Change:**

The new box is visibly smaller

**Samples:** available will be available in not applicable**Quantifiable Impact on Quality & Reliability:**

n.a.

**Estimated Implementation Date\*:** 18 July 2022

\* The Estimated Implementation Date is the forecasted date that a customer may expect to receive changed product. This may be affected by fluctuations in supply and demand.
